ODELL RE-ELECTED.

CONCLUDED FROM FIRST PAGE.) Legislature, but the gains were not sufficient to endanger the Republican hold or the seat in the United States Senate now

held by Thomas Platt. Ti-day's election followed a campaign Lorimer, with "two-thirds of his district which, in spite of strong efforts by the political leaders on both sides, was remarkable for the lack of interest taken by the public. Almost the only points at issue to excite comment or discussion were of 200, with half of his district yet to rethef coal plank in the Democratic platform and Senator Hill's charge that Governor Odell was a partner in the grocery firm of Matthews & Co., of Newburg, and that the firm had profited by the Governor's connection with it, his influence, according to the Democratic leader's statement, having secured an enlargement of Matthew's & Co.'s business with State institutions. The Governor replied to these all gations that the money placed by him with Matthews & Co. was a loan, on which he received a fixed rate of interest, and that he did not share further than that in

State was divided into two parts for purpose of comparison-the Greater New York and the State outside of the city. In the former a Democratic and in the latter a Republican plurality were certainties and the question was whether Coler's vote in the city would be large enough to overcome the Odell pluralities in upstate counties. New York and Kings counties did all that had been expected of them by the Democraits, and even more, for the former gave Coler approximately 87,000 more than Odell " and Kings, Mr. Coler's home county, went Democratic by 26,500. Queens and Richmond were counted to raise the total to 130,500. The first returns showed Republican losses in the upstate counties, but as the night were on estimates made it appear that Odell would come to the Bronx with from 130,000 to 135,000, which would | ticket. He will be elected by 5,000 plurality. elect him by from 10,000 to 15,000,

Late returns from remote districts show a falling off in the Odell vote. Oneida county gave Coler a plurality of 142, a Republican loss of 5,208, and this reduced Odell's estimated plurality to 8,500.

President Congratulates Odell.

Roosevelt retired at 11 o'clock fully satisgratified with returns from New York State, which showed the re-election of Governor Odell. The President late to-night sent a telegram of congratulation to the Gevernor, but the text of the message was not given out. The President and Secrelary Cortelyou received the returns at Saxamore Hill from the executive offices in the Oyster Bay Bank building.

The President's own precinct, the fifth of the Third Assembly district, went Democratic by 31 votes. Ordinarily it is Demoeratic by from 60 to 90. The President and party will leave Oyster Bay at 7 a. m. tomorrow for Philadelphia.

Coler Cries Fraud.

NEW YORK, Nov. 4.-Mr. Coler, the Democratic candidate for Governor, was a ked to-night what he thought of the resuit of the election. He said: "You may quote me as saying that I don't give it und I cannot imagine how, with the magniacent vote I received in Greater New York, there should be such a peculiar vote is the upper State. I am convinced that Aftere has been a little of that peculiar 'heathen Chinee' business going on." That is all Mr. Coler would say.

PLURALITY OF 100,000.

Greater Victory for State Ticket Than Ohio Republicans Expected.

COLUMBUS, O., Nov. 4.-The Republicans carried Ohio by next to their highest Eurality on record. Nothing above 70,000 returns up to midnight made no gain in Onio congressmen and are likely to lose te. The present Ohio delegation in Conwess consists of seventeen Republicans and four Democrats, and the returns show xteen Republicans and four Democrats ected, with the Twelfth district in doubt. the present apportionment of the Ohio Congressional districts was made by a Reablican Legislature with fourteen Repub-Rean, four Democratic and three doubtful stricts. Two years ago the Republicans the General Assembly will be: Newcastle surried all the doubtful districts by close Quralities, and this year they increased eight Democrats. Kent county, Senate, heir pluralities in the Republican and two three Union Republicans, two Democrats; If the doubtful districts and reduced the House, five Democrats, four Union Repubturalities of the Democratic districts without gaining any congressmen and probably bsing the close Twelfth district. At the est session of the Republican Legislature anly one congressional district-the Twelfth was changed, and it has probably been arried by the Democrats.

At midnight Chairman Dick said: "Rearns to this hour do not change our estihate of 100,000 Republican plurality. We ave carried all districts now represented Congress by Republicans with the possile exception of the Twelfth, and in its lace we have probably carried the Thireenth district."

During the campaign it was said that ny reduction of the Republican plurality n Ohio would be considered a preliminary ictory for Mayor Johnson over Senator lanna in the senatorial contest of next ear. In 1892 the Republican plurality in thio was 1,088 for state officers, and one Democratic presidential elector was then lected. The next year McKinley had 81,000 or Governor and in 1894 the Republican record was broken with 137,077. McKinley had en Ohio plurality for President in 1896 of 1,109 and in 1900 of 69,036, and last year, with which the vote of to-day was compared, the Republican plurality was 67,567. With a single exception the Republican plurality to-day was the highest in the his-Story of Ohio on a total vote of less than

In this (Franklin) county, which also constitutes the Twelfth congressional discrict, the Republican plurality on the state licket is 2,000, while Huling, the Republean candidate for Congress, is defeated by 500, due to local opposition to Huling.

Read Out of the Party.

COLUMBUS, O., Nov. 4.-Harvey C. Garber, chairman of the Democratic state committee, this morning gave out a statement in which he says: "In Hamilton county, last year, the honored and gallant veteran soldier, Col. James Kilbourne, as the Democratic candidate for Governor, made the Republican precincts of Cincinnati Democratic by 1,000 votes, and Louis G. Bernurd to-day made those Democratic precincts there go Republican by 7,000 votes. Both John R. McLean and Bernard have esigned their commissions as Democrats. the state convention will undoubtedly accept the same."

PAUL, Minn., Nov. 4.-The entire Republican ticket has been elected in Minnesota by a plurality of certainly over 20,000 not yet been received, but enough has come in to indicate that Governor Van Sant has been re-elected by over 30,000 plurality. Chairman Buck, of the Democratic committee, is not yet willing to admit publicly that the Republicans have taken everything, but other Democratic leaders are eady to concede the entire victory blicans, and they say the Republican plurality is at least over 20,000 and may run close to 30,000. However, the later returns, coming from precincts scattered all over the State confirmed these first reports and the figures for Van Sant, which had been early placed at 20,000, were raised to 25,000 and 30,000, and at midnight when less than one-fifth of the precincts in the State had reported the indications were for an even higher plurality for the Governor. Mr. Kosing, trusting to the large number of precincts not yet heard from was still unwilling at that hour to acknowledge his defeat, although he admitted that the returns looked rather adverse to him. Five hundred precincts in Minnesota give 42,737 for Van Sant (Rep.), for Governor, and 25,967 for Rosing (Dem.). If the same ratio of gain continues Van Sant's plurcongressional district both parties still claim the congressman, the Democrats by 2,500 and the Republicans by 600.

While the returns indicate that the Democrats have increased by a few members ture, the Republicans will have an overwhelming majority in both branches. This assures the election of Gen. R. A. Alger to fill the unexpired term of the late United States Senator James McMillan.
